

25 ft Black Gigabit Snagless RJ45 UTP Cat6 Patch Cable - 25ft Patch Cord

StarTech ID: N6PATCH25BK

The N6PATCH25BK Cat 6 Patch Cable (25 ft) meets or exceeds all Category 6 cable specifications to ensure reliable Gigabit network connections, and features a durable black PVC jacket that enables you to color code your network cable runs as needed.

To ensure long-lasting performance, this high quality Cat 6 patch cable features a snagless design that protects the RJ45 connector clips from damage and makes the cable less prone to snagging during installation. The cable also features molded PVC strain relief that prevents the RJ45 connector termination points from bending at sharp angles - reducing the risk of cable damage, which could decrease network performance.

Constructed of only top quality materials, this Cat 6 Patch Cord delivers reliable performance and is backed by our Lifetime Warranty.

100% Copper - a better value

StarTech.com Cat6 cables are manufactured using high-quality copper conductors. While many cable manufacturers offer a "cheaper" cable based on a copper-coated aluminum core, we make no compromises on quality to ensure you receive top value and performance for your network cable investment.

24 AWG Wire

This Cat6 cable is constructed with 24 gauge copper wire, to support a broad range of Ethernet applications such as Power over Ethernet (PoE). Because we use a high quality copper wire, our cables easily sustain the power required for Power over Ethernet applications, whereas the inferior quality offered by copper-coated aluminum cables may be subject to insufficient power delivery, heat buildup, equipment damage and potentially, fire.

50-micron Gold Connectors

This Cat 6 patch cable offers high quality connectors comprised of 50-micron gold, to deliver optimum conductivity while eliminating signal loss due to oxidation or corrosion.

Applications

- Designed for use with Gigabit networks
- Patches from hub to distribution panel
- Connects workstation to wall outlet
- Extend the reach of your Gigabit network devices by 25 ft

Features

- RJ45 connector clip protectors
- Carefully constructed and tested, to keep Near End Crosstalk (NEXT) well within acceptable limits
- Colored hoods for departmental color coding
- Molded strain relief prevents the cable from being bent at sharp angles at the RJ45 connector, to minimize the stress at the plug termination point
- Constructed with top quality components
- High quality 24 AWG copper wire
- ETL Verified

Technical Specifications

Warranty	Lifetime
Cantidad de Conductores	4 Pair UTP
Cable Tipo Jacket	PVC - Polyvinyl Chloride
Grado de Inflamabilidad	CMG Rated (General Purpose)
Tipo de Cable	Libre de Enganches
Estándar de Cableado	TIA/EIA-568-B.1-2001 T568B
Conector A	1 - RJ-45 Macho
Conector B	1 - RJ-45 Macho
Clasificación de Cables	CAT6 - 500 MHz
Color	Negro
Calibre del Conductor	24 AWG
Longitud del Cable	25 ft [7.6 m]
Longitud del Producto	25 ft [7.6 m]
Peso (de la Caja) del Envío	0.8 lb [0.3 kg]
Incluido en la Caja	1 - 25 ft Black Snagless Cat6 UTP Patch Cable - ETL Verified
